

Husqvarna DM 220

Ergonomically designed handheld machine for both dry and wet drilling. The DM 220 is equipped with a new level guiding system for vertical, horizontal or angled drilling, which increases precision and makes you more efficient. It's perfect for professionals as well as less experienced users.

Features Husqvarna DM 220

- Adapted to all types of users – from beginners to professionals.
- Has a new level guiding system that guides the operator, increases precision, and through that, provides more efficient drilling.
- The machine's front handle can be turned 360 degrees, which is useful when drilling in cramped areas.
- The electronic positioning system guides the operator to drill in vertical, horizontal or preferred angled position.
- Equipped with Elgard™, which uses pulsation to indicate when the machine is overloaded. This extends product life.
- When making a starter hole, speed can be reduced by half using SmartStart. This function is integrated in the trigger.
- Built-in SoftStart™ – electronic current limiter means full speed is reached about two seconds after start.

TECHNICAL SPECIFICATION	
1-phase rated voltage	230/115 V
Rated current, A	15 A
Power	1850 W
Phases	1
Speeds	3
Spindle speed full load	580/1400/2900 rpm
Max drill bit diameter, handheld	80 mm / 3 inch
Max drill bit diameter, stand	150 mm / 6 inch
Mounting collar	60 mm / 2.36 "
Spindle thread, outer	1 1 / 4"
Spindle thread, inner	1 / 2"
Weight	5.44 kg / 12 lbs
Sound pressure	90 dB(A)
Sound level	94 dB(A)
Power rating	1100 W
