

HYCON HRS400 RING SAW

PRODUCT FEATURES

The HYCON hydraulic ring saw offers you the most overall efficient and productive 300 mm deep cutting. Imagine all the new work it will open up to your business and for you to carry out at minimum cost.

All parts run in oil - no down time and service is next to nothing. The HYCON ring saw has a unique design and state of the art drive mechanism that will give you many hours

of use and long lasting wearing parts that will ensure you low operating cost.

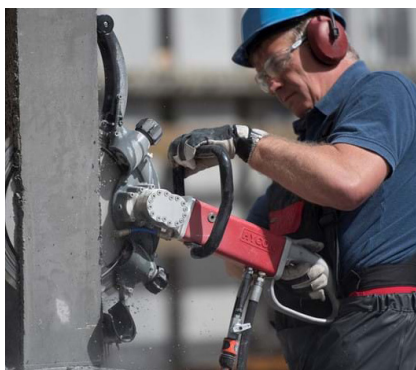

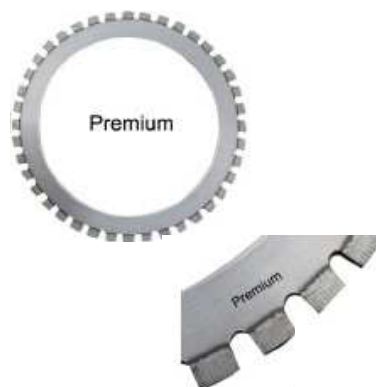

Investing in the HYCON HRS400 ring saw, is an investment in more cutting depth than other similar tools.
