

Husqvarna K1 PACE high power battery cutter – charged with possibilities.

K1 PACE high power battery cutter has the power and performance you expect from equivalent petrol-powered cutters. Equipped with X-Halt™ brake function for enhanced operator safety. Ergonomic and user-friendly with low vibrations, optimally balanced machine and zero direct emissions. Built-in connectivity makes it easy to monitor machine location, runtime, service intervals and receive wireless updates through FOTA (firmware over the air). Powered by Husqvarna PACE battery system with high power and fast charging for impressive productivity and a well-suited match with our specially designed battery blade range for maximised cutting depth and optimised performance. Suitable for concrete pipes, concrete garden plates, cinder blocks etc. The PACE battery system can be utilised for more machines as the battery-powered family expands.

High power with flexibility

Power and performance on par with equivalent petrol-powered cutters. With an integrated gearbox for higher torque. Integrated wet cutting system or VAC attachment as an accessory for dry cutting enables efficient and flexible dust control.

High power PACE battery system for high versatility

Enables quick charging, high power and performance which maximises your efficiency and productivity. Zero direct emissions make it possible to easily cut indoors, in sensitive areas or urban areas where emission levels might be regulated.

Ergonomic, user-friendly and with enhanced operator safety

Exceptionally low vibrations, zero direct emission and silent motor sound enables a more pleasurable work environment. The handles are specially developed to be comfortable and increases control. X-Halt™ brake function, capable of stopping the blade in fractions of a second, enables enhanced safety while cutting.

Specially designed blades

You can look forward to high quality 12" and 14" (300 mm and 350 mm) diamond blades specifically designed for the Husqvarna K1 PACE battery cutter to optimise its performance and cutting depth.

SPECIFICATIONS

HUSQVARNA K1 PACE	12" (300 mm)	14" (350 mm)	RESCUE 14"
Motor	Brushless Husqvarna motor	Brushless Husqvarna motor	Brushless Husqvarna motor
Nominal voltage, V	94	94	94
Recommended batteries	B380X, B750X	B380X, B750X	B380X, B750X
Cutting depth, max mm	121	144.5	144.5
Max blade speed RPM	3800	3400	3400
Length (excl. blade), mm	648	648	663
Height, mm	400	423	423
Weight (excl. battery), kg	7.2	7.4	7.9

CUT OFF QUANTITY

BATTERY*	CONCRETE SLAB	GARDEN PLATE 400 X 400 X 50 MM	GRANITE 300 X 100 MM	CINDER BLOCK 390 X 150 X 167 MM	CONCRETE PIPE OUTER/INNER Ø: 335/225MM
					
B380X	2.5 m in 141 mm deep reinforced concrete	Up to 33 pcs	Up to 9 pcs	Up to 35 pcs	Up to 6 pcs
B750X	5 m in 141 mm deep reinforced concrete	Up to 81 pcs	Up to 18 pcs	Up to 93 pcs	Up to 18 pcs

* Cutting results may vary depending operator skills, ambient conditions, type of material and the quality of diamond blade and should be viewed as indicative only.
For this chart a K1 PACE 14" battery power cutter was used with a Tacti Cut S35 Bat diamond blade.

RELATED PRODUCTS AND ACCESSORIES

B380X PACE BATTERY

High power PACE battery equipped with built-in connectivity.
Capacity: 375 Wh.
Weight 3 kg.
Charging time 100% with C900X PACE charger: 45 min.
Charging time 100% with C1800X PACE charger: 45 min.

B750X PACE BATTERY

High power PACE battery equipped with built-in connectivity.
Capacity: 750 Wh.
Weight 5 kg.
Charging time 100% with C900X PACE charger: 75 min.
Charging time 100% with C1800X PACE charger: 45 min.

C900X/C1800X PACE CHARGERS

High power battery chargers with a capacity of 1800 W suitable for B380X and B750X PACE batteries. Equipped with a fast charging mode and active cooling – enabling fast charging of batteries.

PACE BATTERY BOX

A wooden box suitable for transportation. The tailored insert fits two PACE batteries and a charger. It is UN 3480 certified for transportation of lithium-ion batteries.

VARI CUT FR3

Has one layer of vacuum brazed diamond for fast cutting of a large variety of materials like rebars, steel, PVC pipes and more.

ELITE-CUT S35 BLADE

Specifically designed for K1 PACE battery cutter, with enlarged outside diameter to increase the cutting depth. The blade features the innovative Exo-Grit segment, a silent core and smarter indicators for enhanced safety during operation.

TACTI-CUT S35 BLADE

Specially designed to fit the power and RPM of K1 PACE. The Tacti-Cut blade is intended for the occasional user or for initial cutting operation. It includes smarter features, silent core and offers a good price/hard-working performance ratio.

VAC ATTACHMENT

The VAC attachment's impressive dust collection enables you to cut without water. With the quick connection it's easy to quickly install and remove the VAC attachment.
