

HYCON HH35 BREAKER UNDERWATER

HIGHEST PERFORMING HANDHELD BREAKER

PRODUCT FEATURES

HYCON HH35 is exceptionally strong in coping with all jobs requiring extreme power. It hits more than twice as hard as the HH20 and outperforms any other 45 kg breaker in the market – no matter if pneumatic or hydraulic. The breaker has an extra accumulator, which adds even more power.

The standard tool size is hex 32 x 160 mm. The breaker can be connected to the HYCON power packs and other hydraulic power sources.

HYDRAULIC BREAKER HH35

	CE	CE	CE
Hex	28x160	32x152	32x160
Item no.	1010235-04	1010035-01	1010235-03
