

CrossLINK® SmoothPRO™ - The next generation of diamond chain

Introducing CrossLINK® SmoothPRO™, the next-generation diamond chain from ICS, built on the FORCE4® Platform. The future of concrete cutting has arrived, offering professionals an innovative solution engineered for speed, longevity, and control. CrossLINK® SmoothPRO™ sets a new benchmark in the industry by delivering unmatched cutting smoothness, up to a 25% boost in steady-state cutting speed, and up to 55% longer chain life. Developed using insights gained from Speed King™ and Speedster™, this advanced diamond chain raises the standard for those who demand exceptional performance.

PERFORMANCE ADVANTAGES

Up to 25% Faster Cutting

Up to 55% Longer Life

Greater Productivity

Lower Cost per Cut

Key Innovations of CrossLINK® SmoothPRO™

- **New Free-Cutting Matrix:** This feature is optimized to provide faster penetration into concrete while extending the wear life of the chain.
- **Block Diamond Technology:** The diamonds fracture cleanly, producing ultra-sharp cutting edges for superior performance.
- **Segment Length Optimization:** Refined cutting segment length maximizes efficiency and durability.
- **Full-House Segment Design:** Ensures smoother cuts and contributes to a longer chain life.
- **Advanced Top Geometry:** Delivers rapid cutting speed immediately out of the box, eliminating the need for a break-in period.
- **CrossLINK® Chassis:** Enhances control and stability during cutting operations.
- **Steel Drive Links:** Reinforce weld strength and reduce the risk of snagging during use.

Performance Advantages

In today's competitive market, CrossLINK® SmoothPRO™'s full-house chain delivers premium performance—offering faster cuts, extended chain life, and a consistently smooth cutting experience. The result: greater productivity and a lower cost per cut.
